

History

We have learnt a lot about L S Lowry. Now is your chance to learn about another famous artist. It doesn't matter who this artist is. You might like their work; you might like the colours they use or the things that they draw/paint. Can you find out some facts about the artist? Where were they born? What work did they do? Why were they famous? Maybe put these facts into a poster to show your findings.

If you would like some inspiration maybe look at Claude Monet, Jackson Pollock, Andy Warhol or Picasso.

Year 1 – Topic Homework Menu

Summer Term

Science

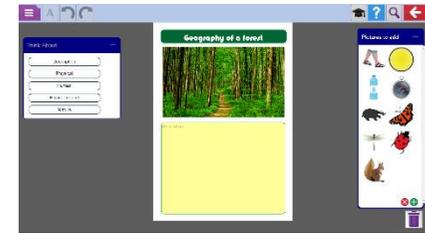

In year 1 we learn about Plants in Science and for this task you'll learn about 'Trees'. Before this task, write down all the things you know about trees already. So, any names of trees, how tall they might grow, if they lose their leaves etc. Next, could you find out what the words **deciduous** and **evergreen** mean? Can you find out five names of common trees that we have in Britain. Maybe you could draw a picture of them and label them. Also, have a look at how you would identify one of these trees in a park. Would the leaves be a certain shape? Would the tree be a certain shape? Look back at what you knew at the beginning and what you know now about trees. Happy tree hunting scientists!

Geography / Computing

Using Purple Mash, login and click on Topics on the home page. Next, click on The Environment logo, then Geography of a Forest logo.

On here you will be able to write some sentences about a forest and add some pictures too. See if you can find your way around a keyboard!

Baking

In the Summer term we will be looking at the book, The Gruffalo, in English. If you haven't read the Gruffalo before, then maybe you could watch the short film of the story on BBC iPlayer.

<https://www.bbc.co.uk/iplayer/episode/b00pk64x/the-gruffalo>

For this task, maybe you could create something for the mouse to eat, as his tummy is rumbling. Maybe not roasted fox, owl ice cream or scrambled snake, but something that you think he would enjoy!
